

# Look Around You

middle C

*Tune: 'Clementine'; 1.0 minutes*

*Lyrics: Shirley Morrison and Kay Thode*

Look around you, see the people  
who are working everyday  
For the kind of world we all want,  
Where healthy children laugh and play.

A world with no more nuclear weapons,  
Guns are banned and war is rare,  
Where all races live together,  
Everyone has good health care.

Equal rights and equal wages,  
Social justice on the earth,  
No pollution on the planet,  
A new world will come to birth.

Look around you, see the people  
Who are working every day  
For a world of peace and plenty  
Where the grandkids laugh and play.
