

# All Of Us Will Work Together

A

*Tune: "When the Saints Go Marching In"*

*Lyrics: adapted by Valery of Westchester County Raging Grannies*

Let's make true peace, instead of war.  
Let's make true peace instead of war.  
All of us, will work, together  
To make true peace instead of war.

Let justice rule, instead of arms.  
Let justice rule instead of arms.  
All of us, will work, together.  
Let justice rule instead of arms.

Let's keep each child, safe from all harm.  
Let's keep each child safe from all harm.  
All of us, will work, together  
To keep each child safe from all harm.

Let's honor our, diversity.  
Let's honor our diversity.  
All of us, will work, together  
To honor our diversity.

Let's build a world, that's safe and just.  
Let's build a world that's safe and just.  
All of us, will work, together  
To build a world that's safe and just.

Let's take a stand, for what is right.  
Let's take a stand for what is right.  
All of us, will work, together  
To take a stand for what is right.

Let's build true peace, around the world.  
Let's build true peace around the world.  
All of us, will work, together  
To build true peace around the world.
