

Shrink Our Carbon Footprints

C

Tune: 'Oh Suzanna', 1.5 minutes

Lyrics: The Raging Grannies ... and Their Friends of Westchester County NY

We must **stop** global warming
And live sustainably!
If we shrink our carbon footprints
we can do it comf'ter'bly!

With sun 'n' wind, to boost our pow'r
Less will come from fuel.
Every home
Will have their own
Pow'r to sell or use.

We know we can do it!
It's up to you and me!
If we shrink our carbon footprints
We'll cool earth those 3 degrees!

We'll live near work, use bus or train,
buy produce locally.
Food tastes fresh,
And we'll use less
Of precious gasoline.

Don't wait for Congress!
Change **comes** from you and me!
We'll shrink our carbon footprints
And do well financially!

Get high speed trains, a few less planes,
cars powered by the sun.
The shift will mean
a lot more jobs,
good pay for everyone.

Yes! We can do this! Not just you and me!
We **all** will shrink our footprint
And live **well** sustainably!
