

Shrink Our Carbon Footprints

Tune: 'Oh Suzanna', 1.5 minutes

Lyrics: The Raging Grannies ... and Their Friends of Westchester County NY

Stop global warming
 And live sustainably!
 If we shrink our carbon footprints
 We can do it comf'ter'bly!

With sun 'n' wind, to boost our pow'r
Less will come from fuel.
 Every home
 Will have their own
 Pow'r to sell or use.

We **know** we can do it!
 It's up to you and me!
 If we shrink our carbon footprints
 We'll cool earth those 3 degrees!

We'll **live** near work, use bus or train,
 buy **produce** locally.
Food tastes fresh,
 And **we'll** use less
 Of precious gasoline.

Don't wait for Congress!
 Change **comes** from you and me!
 We'll shrink our carbon footprints
 And do well financially!
 Get **high** speed trains, a few less planes,
 cars powered by the sun.
 The shift will mean
 a lot more jobs,
 good pay for everyone.

Yes! We can do this!
 Not just you and me!
 We **all** will shrink our footprint
 And live **well** sustainably!
