

We'll Learn to Live Sustainably

C

Tune: 'When the Saints Come Marching In'; 1.0 min.

Lyrics by The Raging Grannies ... and Their Friends of Westchester County NY

Let's all conserve instead of waste
Let's all conserve instead of waste
All of us, will work, together
We'll all conserve instead of waste

Use sun and wind to boost our power
Use sun and wind to boost our power
All of us, will work, together
With sun and wind to boost our power

We will produce, less C-O-2.
We will produce less C-O-2.
Through all of us, working together,
We will produce less C-O-2.

We'll learn to live, sustainably.
We'll learn to live sustainably.
Through all of us, working together,
We'll learn to live sustainably.
