

# No Safe Lower Limit

middle C

*Tune: 'Santa Clause is Coming to Town'; 1.5 min.*

*Lyrics: The Raging Grannies ... and Their Friends of Westchester County NY*

You better watch out! [ONE FINGER]

Raise up a cry! [FIST]

Nukes aren't safe. [SHAKE FINGER] I'm telling you why.

There is no safe [SHAKE HEAD] lower limit ... at all! [OPEN ARMS, PALMS UP]

New facts are now in. Folks just didn't know. [SHAKE HEAD]

The death rate spikes, [RAISE HAND] when the radiation's low.

There is no safe [SHAKE HEAD] lower limit ... at all! [OPEN ARMS, PALMS UP]

Does the NRC protect me? [HAND ON CHEST]

Or protect the industry? [GESTURE TO LEFT]

The collective dose and deaths,

Should be counted by the NRC!

Radiation released from weaponry ... [GESTURE TO LEFT]

Releases from nukes run properly ... [GESTURE TO RIGHT]

There is no safe [SHAKE HEAD] lower limit ... at all! [OPEN ARMS, PALMS UP]

No **choice** or compensation; [SHAKE HEAD]

**All** our lives at stake. [OPEN HAND, PALM UP]

That's morally, ethically wrong! [ONE FINGER]

Shut down nukes [FIST] for goodness sake!

[ONE VOICE] Switzerland is! [ONE VOICE] Germany is!

You better watch out! [ONE FINGER]

Raise up a cry! [FIST]

Nukes aren't safe. [SHAKE FINGER] I'm telling you why.

[SLOWLY] THERE IS NO SAFE [SHAKE HEAD] LOWER LIMIT

... AT ALL! [OPEN ARMS, PALMS UP]
