

War Is Making You Poor

Tune: 'It Ain't necessarily So'; 1.0 min.

Lyrics: The Raging Grannies ... and Their Friends Westchester County NY

E

This war is making me poor.
This war is making me poor.
Billions for warfare
Cuts college and healthcare.
I can't afford them no more.

That war is making you poor.
That war is making you poor.
All that war spending
Makes taxes unending,
Sending your money abroad.

Our wars are making us poor.
Our war is making us poor.
Are we much safer?
Or are we more hated
For **destroying** people abroad?

You must let your congressman know!
We must let our congressman know!
Go sit in their office.
Or write them a letter.
Bring all that money back home.
