

## Take Me Out of the War Game

“high A”

Tune: "Take Me Out to the Ballgame"

Take me out of the war game,  
Let's all leave in a crowd,  
Let's all say that we don't want to play  
The price of conquest is too high to pay,  
And we'll root, root, root for life's living  
If war games are sad it's a shame,  
'Cause we're one, two, three saying "no!"  
To the old war game.

Take me out of the war game,  
Let's go play with the kids,  
There's lots of them here who need someone near  
To feed them and hug them and give them a cheer,  
And we'll root, root, root for the small ones  
And give our sport a new name:  
Call it two, three, four billion "nos"  
To the old war game.

Join with us in a new game  
Bring your family and friends.  
We're just getting started, we're full of heart,  
Come and join us, it's time for a start.  
And let's root, root, root for life's living  
Cause we're out to stake a new claim:  
Let's hear four, five, six billion YELLS  
For a NO WAR GAME!
